

ACKNOWLEDGEMENT

It is sacred duty on my part to pay my debt of gratitude, from the depth of my heart, to The Almighty God, for the grace and kindness that he bestowed upon me to bring out this manuscript.

No words can express the depth of my sense of gratitude and regards to my esteemed teacher and Guide Prof. Uma Shankar Singh, Department of Pathology, King George's Medical University, Lucknow. It is only his blessings and masterly guidance from time to time which helped me to complete this work. His deep sense of understanding, incomparable power of observation and unprejudiced healthy criticism helped me understand the work in greater depth & clarity. I also thank him for permitting me to undertake this study and conduct the work successfully.

I express my sincere and deep sense of appreciation to Prof. Ashutosh Kumar, Head, Department of Pathology King George's Medical University, Lucknow, I also express my unfathomable sense of appreciation to him for extending the permission to utilize the departmental lab facilities which has helped in shaping this study in its current form.

I also wish to express my regards and gratitude to my esteemed teacher Prof. M.M.Goel, Department of Pathology, King George's Medical University, Lucknow for her inspiration, constant encouragement and invaluable advices throughout this study.

I convey my sincere thanks to my esteemed teacher Prof. A K Tripathi, Department of Hematology, King George's Medical University, Lucknow, for his understanding, inspiration and support throughout this study.

I convey my sincere thanks to my esteemed teacher Prof. Archana Kumar, Department of Pediatrics, King George's Medical University, Lucknow, for her motivation, encouragement and invaluable advices throughout this study.

I am greatly obliged & thankful to my esteemed teacher, Dr Rashmi Kushwaha, Department of Pathology, King George's Medical University, Lucknow, for her continuous and inspiring guidance, undeterred encouragement and personal attention which cleared my

doubts and guided me in the right path. I deem myself fortunate to have worked under her guidance.

I also wish to express my regards and gratitude to esteemed teacher Dr.Mili Jain, Department of Pathology, King George's Medical University, Lucknow, or her meticulous guidance, constant encouragement and invaluable advices which helped me complete this work. Without her navigation, completion of this work would have been impossible.

I wish to thank my Colleagues, as well as my seniors and juniors who provided constant cooperation during the course of this study.I am thankful to all the technical staff of the lymphoma-leukaemia lab for all their help.

I will be failing in my obligation if I do not thank my parents, **Dr. A.S.Chauhan** and **Dr. Amita Singh**, my sister, brother and all other family members and especially my husband **Dr. Sachin Sharma**, for their all-round support and encouragement in the most demanding circumstances.

I give my special thanks to the Arun Photostat for statistical analysis as well as setting and binding of my thesis.

Last but not the least, I wish to express my gratitude and sentiments towards all those who have in some way or the other helped and guided me in completing this academic exercise and effort.

Dr. Shruti Chauhan
