First and foremost, I thank almighty for his showers of blessings throughout my work. I would like to express my deep and sincere gratitude to my teachers during my postgraduate days and later for making me an anaesthesiologist.

I am very thankful to my wife, Dr. Mamatha and my son Master Ashmith Krishna for their love, understanding and continuous support for my studies, research and profession. I would like to say thanks to all my senior colleagues for their constant support and encouragement.

Finally, my thanks go to all who have supported me to complete my research and grateful to my organization.
